Who we are...

Finger Lakes Youth Sports, Inc. is a 501c3 not-for-profit corporation that was started in 1993. Our focus is to provide year round sports opportunities for children and young adults with disabilities at no cost to the families. Our sports provide a supportive environment to accommodate children with disabilities in an organized athletic program. The organization, its members and families support children by creating a fun, safe environment that promotes positive self-image, independence, teamwork, friendships, social skills and self-confidence.

Our Sports...

- ***Challenger Baseball** is provided in the summer and held at our Challenger Field in Geneva.
- *In the Fall, we offer a **soccer** skills program in Geneva.
- *In the late Fall, we offer Challenger **bowling** held at Sunset Bowl.
- *Challenger **Basketball** is offered during the winter .

Who is eligible...

Children between the ages of 4-21 with a diagnosed disability who are not successful in traditional sports programs are eligible to participate. We serve families in the Finger Lakes area. Most of our programs occur in the Geneva area.

Challenger is great. I love playing basketball with my friends.
Xavier, age 16

How you can help...

The success of our program comes from our volunteers and financial supporters.

Would you like to...

- coach a sport
- teach new sports skills
- become a board member
- become a sponsor
- become a buddy mentor
- make new friends
